Stage 27: fixed development comparison — 35 candidates, 1 recorded failure
(a) Ordinary GS score
Final PNG message bit accuracy
Native Imprint
Adapted Jain
Delivery-path Imprint
Strict GS threshold
Frozen task (four prompt groups, three replicas each)
(b) Delivered-image distortion
Pixel MSE against cover, RGB [0, 1]
Frozen task (four prompt groups, three replicas each)
(c) Actual computation, excluding model load
Measured core computation (seconds)
Frozen task (four prompt groups, three replicas each)
(d) Attempt accounting
All 12 planned attempts per method
Delivered + GS pass
Delivered + GS reject
Engineering failure; score missing
8/12
3/12
6/12
